

Rohit Krishan Gulati

Rohit has over two decades of experience as an architect, master planner and designer. He has been associated with many successful design led projects across sectors including for townships, urban design, mixed use projects, affordable housing, industrial, workspaces, retail, sports and the hospitality sectors.

Graduated as Architect from the TVB School of Habitat Studies, New Delhi in 1998 and brief stints at the University of East London, UK and Lighting Research Center, Rensselaer Polytechnic Institute, New York, USA, he has been at the forefront of design and strategy in 'frugal-innovation' for Ginger 'Smart' hotels (Taj Group). This process has been carried forward including for Tata Housing, Essar Group and GE Healthcare and several others.

He has been instrumental in the design of several strategic and innovative projects including the iconic 100 m long 'Mudra' installation that has become the internationally-acclaimed symbol of the new T3 airport terminal at New Delhi and the International Hockey Stadium at Mohali, Punjab.

He provides mentorship to GREHA, a leading research and development organization in the areas of environmental planning, conservation, education, architecture and building apart from being an avid photographer.

He also devotes time for teaching architecture and lighting design as Visiting faculty and Jury member at the TVB School of Habitat Studies, School of Planning and Architecture, Vastu Kala Academy, New Delhi; Sushant School of Art and Architecture, Gurgaon, Sharda University, Greater Noida and Indian Institute of Technology, Roorkee.

He is also part of the Core Faculty at Building Beauty, Ecologic Design & Construction Process, Post Graduate Diploma in Architecture Course.
